

# Fitton Center Winter Weather Policies

In case of severe weather, please visit our website at [www.fittoncenter.org](http://www.fittoncenter.org) for instructions. You can also monitor local Channels 9 and 12 for updated information.

**For classes or workshops:** The Fitton Center will make every effort to call students to notify them about the closings. Instructors will also schedule make-up dates for all classes cancelled due to weather-related issues.

**For private lesson students:** Individual instructors will decide whether or not to cancel lessons and will inform their students if a cancellation will occur.

**Please note:** If classes are cancelled, it does not necessarily mean that the building will be closed. Please monitor closing announcements for detailed information.

**Please travel safely and  
Happy Holidays!**
